

EMPOWERING YOUNG PEOPLE
AS STUDENTS, ATHLETES,
AND POSITIVE LEADERS

HoopHers:

HoopHers is an inclusive, female-based initiative with the goal to empower young girls by providing a safe space to partake in sport and off-court resources to address the opportunities and challenges that female student-athletes face. The program seeks to create high-quality opportunities for middle school and high school-aged girls through basketball, academic enrichment, and personal and leadership development, delivered by positive female coaches, mentors, and role models.
